Thanks, I was in the process of looking. I thought we had sent this to the site file? I'll coordinate with Mark when he is back in the office.

Have a great day.

I just found it in an email attachment. No need to send me anything but we do need to get this stuff into the site file. Thanks.

I was looking for the notice letter we sent to Glencore and the draft AOC – I wanted to give it to Erin as an example to look at for another case. It looks like the site file in SEMS is way out of date. In any event, if you have an electronic copy of the notice letter, could you send it my way? Thanks.
